Building: Building at Koroška cesta 14, 2390 Ravne na Koroškem

REFERENCA O USPEŠNEM DELOVANJU GASILNE AMPULE BONPET

CONFIRMATION ABOUT THE SUCCESSFUL FIRE EXTINGUISHING WITH FIRE EXTINGUISHER BONPET

Opis dogodka: Požar v transformatorski celici razdelilnih postaj, dne 21. 12. 2006

The event: The fire in power transformer cell station. / **The event date:** 21.12.2006

OPIS DELOVANJA:

Požar je bil hitro pogašen z aktivacijo samodejne gasilne ampule Bonpet. Požarna škoda je bila zaradi učinkovitega gašenja minimalna, prav tako tudi ni bilo posledic na samo delovanje transformatorske razdelilne postaje. Poškodovan je bil le en kontakt, kar je razvidno tudi iz fotografij.

Ocenjuje se, da je bila s hitro pogasitvijo požara preprečena materialna škoda v višini od 40.000,00 EUR do 60.000,00 EUR, glede na dosedanje primere požarov v transformatorskih celicah. V oceno ni upoštevan strošek izpada delovanja.

DESCRIPTION OF THE OPERATION:

The fire was successfully extinguished with the activation of the Automatic fire extinguisher ampoule BONPET. The fire damage was reduced (as the consequence of the effective extinguishing) to the minimum. There were also no consequences on activity of the power transformer cell. Only one contact was damaged as could be also seen from the photos.

We estimate, also on the base of previous experiences with that kind of fires, that with the quick and effective fire extinguishing, the damage in amount from 40.000,00 € to 60.000,00 € was prevented. Considered cost of loss of activity is not on assessment.
